

**We are One. DEXIS.**

A single integrated platform for  
your entire digital workflow

# Perform each step of your workflow, from diagnosis to delivery, with **one connected solution**

The DEXIS digital ecosystem is your all-in-one, AI-powered platform — combining 2D and 3D imaging, intraoral scanning, diagnostics and treatment planning into one integrated workflow.\*

“ Having all my technology integrated in one place is a game-changer. It saves time, reduces errors, and improves the overall quality of care we provide. ”

- Dr. Lupe Poussin, Poussin Dental

## Diagnostics and Treatment Planning

Automatically consolidate all your data (2D, 3D, intraoral scans, and photography) into an AI-powered patient workspace. Create diagnoses, educate patients, plan treatments, and generate surgical guides—all with the help of AI.

## Extraoral Imaging

Expand your diagnostic capabilities through high-quality images, predictable acquisition and user-friendly software.

## Intraoral Scanning

Capture accurate digital impression data with ease and speed. The DEXIS line of intraoral scanners and IS ScanFlow software are constantly evolving to help you communicate visually with your patients and deliver exceptional results.

## Intraoral X-Ray

Capture high-clarity 2D images through simple imaging workflows and intuitive software. Our award-winning intraoral X-ray solutions include digital sensors as well as handheld and wall-mounted units to maximize flexibility.

# Built on **70+ years** of combining only the best brands

## Shaping the Future of Dentistry, **Together.**
